

2017 4Runner

TOYOTA

Let's
Go
Places

Because the journey is the reward. The 2017 Toyota 4Runner.

Taking the long way to the top is never a problem — because when the trail is this epic, it's the preferred way to go. When you're making that climb in the 2017 Toyota 4Runner, things only get better. This tough body-on-frame SUV has been proving its capabilities across the globe for over 30 years, and with its powerful V6 and aggressive styling, it remains the standard in off-road cred. The available Entune™ Premium Audio with Integrated Navigation¹⁴ and App Suite¹⁵ brings tech to every adventure, while the spacious, well-appointed interior ensures you, your crew and your gear will arrive to the campsite in style. Bringing more excitement to the 4Runner family are the new TRD Off-Road and TRD Off-Road Premium grades, engineered with the equipment you need to keep exploring those uncharted territories. It's time to make your next epic campfire story. Let's go places.

“4Runner is all packed up; we've got our coffee and our adventure planned out. Let's do this.”

TRD Off-Road Premium shown in Barcelona Red Metallic with available roof rack cross bars and available running boards.

Vehicle shown with some accessories not available from Toyota. Do not overload your vehicle. See *Owner's Manual* for weight limits and restrictions. See numbered footnotes in Disclosures section.

The last of its kind. True to heritage body-on-frame construction.

4Runner incorporates rugged body-on-frame construction and is equipped with skid plates to help protect the engine, front suspension and fuel tank (and the transfer case on 4x4 models). Featuring independent double-wishbone front/4-link and coil-spring rear suspension, 4Runner's chassis is a time-tested combination that's tough enough for the trail, smooth enough for the city.

APPROACH WITH CONFIDENCE

4Runner encourages you to take on the toughest trails. Up to 9.6 inches of ground clearance, an approach angle of 33 degrees and a departure angle of 26 degrees on 4Runner TRD Off-Road help keep the adventure going.

LEVER-TYPE TRANSFER CASE

4WD vehicles require a system to transfer power from the transmission to all four wheels. 4Runner TRD Off-Road has a lever-type transfer case that allows you to easily switch to low range to help clear the roughest challenges.

DIAL-TYPE TRANSFER CASE

With 4Runner's available dial-type transfer case on SR5 and Limited, you can switch into low range for extreme low-speed off-road conditions with the turn of a dial. Taking on hard conditions is that easy.

CAPABILITY

TRD Off-Road Premium shown in Barcelona Red Metallic.

Do not overload your vehicle. See *Owner's Manual* for weight limits and restrictions.

Out here, lesser vehicles are an endangered species.

Nature is full of unexpected surprises, and only those who anticipate them are ready to endure them. 4Runner is built to conquer the toughest of these. Available Kinetic Dynamic Suspension System (KDSS) allows each wheel to respond to the terrain separately. Available Crawl Control (CRAWL)¹⁹ assists the driver in determining an optimal combination of low speed and traction. Hill Start Assist Control (HAC)³² and available Downhill Assist Control (DAC)³³ assist the driver with braking on uphill and rough downhill situations. Thanks to these, even the meanest obstacles are just another story to laugh over at the campfire.

LOCKING REAR DIFFERENTIAL

To help you negotiate uncertain terrain, 4Runner TRD Off-Road has an electronically controlled locking rear differential that distributes engine power evenly to both rear wheels, so they move at the same speed, even if one is off the ground. It also ensures a predictable output to help you maintain a controlled pace over obstacles.

MULTI-TERRAIN SELECT

Available Multi-terrain Select allows you to choose from four modes that will regulate wheelspin by adjusting the engine throttle setting and braking pressure to provide you with maximum traction on various off-road situations.

CRAWL CONTROL¹⁹

The available Kinetic Dynamic Suspension System (KDSS) and Crawl Control (CRAWL) are meant to help keep optimal traction, no matter how uneven the terrain is. KDSS automatically adjusts the suspension system for better wheel articulation, while Crawl Control automatically modulates the throttle and brakes on five low-speed settings.

TRD Off-Road Premium shown in Barcelona Red Metallic with available running boards. **Limited 4x4** shown in Blizzard Pearl³⁷ with available automatic running boards.

See numbered footnotes in Disclosures section.

Take the reins, set the mood, choose a destination and charge on.

A rugged, yet intuitive, interior trim and panel shape give you total control of 4Runner. Traction, power, temperature, available navigation¹⁴ and a lot more are just a turn of a knob, touch on a screen or voice command away.

ENTUNE™ PREMIUM AUDIO WITH INTEGRATED NAVIGATION¹⁴ AND APP SUITE¹⁵

No adventure is complete without proper navigation, music and connectivity. Available Entune™ Premium Audio with Integrated Navigation and App Suite brings everything together in one embedded system. Features include a 6.1-in. high-resolution touch-screen display and integrated backup camera¹³ display, Siri® Eyes Free¹⁰ and SiriusXM® Satellite Radio¹¹ with 3-month complimentary SiriusXM All Access trial.

SMART KEY SYSTEM¹⁷

Getting the trip started is as easy as clearing a muddy terrain in 4Runner. When you approach the Limited with the Smart Key in your pocket, the interior illuminates automatically, the doors and rear liftgate open with the touch of a handle and the engine starts with a push of a button. That easy.

15-SPEAKER JBL® SYSTEM

Every journey has an iconic playlist. Even when you're back in the city, a song can take you back to the best moments of your trip. To ensure you don't miss a note of your music's soaring highs or thundering lows, the Limited boasts an amazing 15 speakers, including a subwoofer. It also features music streaming⁸ via Bluetooth®⁹ wireless technology, SiriusXM® Satellite Radio¹¹ capability, CD and MP3/WMA capability, USB port⁵ and auxiliary audio jack.

Limited 4x4 interior shown in Redwood leather with Entune™ Premium JBL® Audio with Integrated Navigation¹⁴ and App Suite.¹⁵
See numbered footnotes in Disclosures section.

You've got freedom to roam. Outside and inside.

Exploring the vast unknown requires a great amount of space for company or cargo. 4Runner's roomy interior seats up to seven passengers and has plenty of features to keep everyone comfortable no matter how long the journey, like front and rear 12V power outlets for charging personal electronics, a variety of storage options, and available power-adjustable driver and front passenger seats.

SLIDING REAR CARGO DECK

Get quick access to your gear, or the cooler. The available sliding rear cargo deck can support up to 440 lbs:³⁴ and slides for an easy reach to your gear, or a quick setup before heading to the great outdoors.

POWER REAR GLASS

Grab anything from the cargo area in a snap. Instead of opening the rear liftgate every time you need something, just lower the power rear glass with a push of a button or insert the key in the rear hatch and grab it.

40/20/40 FOLD-FLAT SECOND-ROW SEATS

Every adventure has its own demands. 4Runner's split and fold-flat versatility lets you make room for everything you need by folding one or both seats down to accommodate up to 88 cubic feet of cargo:³⁴ When not folded flat, the seatbacks recline for added passenger comfort.

UTILITY

TRD Off-Road Premium shown in Barcelona Red Metallic with available running boards and available sliding rear cargo deck.³⁴

See numbered footnotes in Disclosures section.

The peace of mind you need to enjoy the peace of nature.

While your many adventures have earned you a bold reputation, you're not a danger seeker. Neither are we. That's why we've equipped 4Runner with an array of active and passive safety features. The standard Star Safety System™ is designed to help you avoid trouble. Our rigorous crash testing has helped us develop a comprehensive occupant protection system that features eight standard airbags;²⁴ should trouble prove unavoidable.

INTEGRATED BACKUP CAMERA¹³ DISPLAY

When backing up, the area visible to the camera is displayed on the touch-screen. 4Runner's available front and rear parking assist sonar²⁷ beeps to tell you how close the bumpers are from an object. The faster it beeps, the closer it is.

TIRE PRESSURE MONITOR SYSTEM²⁵

Proper tire pressure is important not only for good handling and fuel economy, but for your safety. 4Runner's standard Tire Pressure Monitor System (TPMS) evaluates the pressure of the tires and issues a warning if the pressure becomes critically low.

DRIVER AND FRONT PASSENGER ACTIVE HEADRESTS³⁸

Designed to optimize headrest position during certain types of rear-end collisions, driver and front passenger active headrests move slightly up and forward, helping to reduce neck injuries.

EIGHT AIRBAGS²⁴

A driver and front passenger Advanced Airbag System, driver and front passenger TAP (Thorax, Abdomen, Pelvis) front seat-mounted side airbags, driver and front passenger knee airbags and all-row (third-row airbags on models so equipped) Roll-sensing Side Curtain Airbags (RSCA). It's all part of a system designed to help keep you safe.

Limited 4x4 shown in Blizzard Pearl³⁷ with available automatic running boards.
See numbered footnotes in Disclosures section.

TRD PRO SERIES

TRD PRO

Ultimate toughness. Proven capability.

Toyota Racing Development (TRD) has been helping enthusiasts get more performance from their Toyotas for over 35 years. We've helped power everything from 200-mph race cars to championship-winning off-road machines. We used this engineering know-how to create our toughest SUV yet — the 2017 4Runner TRD Pro, which has the goods to help you access those inaccessible corners of the map. We're talking components like heavy-duty off-road TRD Bilstein® suspension, dirt-clawing tires and a ¼-in.-thick aluminum skid plate to help armor this SUV against nature's harshest elements. It's all wrapped in an aggressive exterior that looks like nothing else on the road, or in the wild. Your adventures are about to get a whole lot more awesome. Let's get dirty.

TRD Pro shown in Super White⁹⁹ climbing the coast of the Baja California Peninsula in Mexico. Prototype shown with options. Production model may vary.

See numbered footnotes in Disclosures section.

TRD PRO SERIES

TRD-TUNED BILSTEIN® SHOCKS AND SPRINGS

Take your adventures to the next level. 4Runner TRD Pro's suspension features oversize TRD Bilstein® high-performance shocks — with remote reservoirs on the rear shocks — and TRD-tuned springs to help carry you over unforgiving terrain.

See numbered footnotes in Disclosures section.

TRD PRO ALLOY WHEELS

4Runner TRD Pro comes equipped with 17-in. matte-black alloy wheels² wrapped in Nitto Terra Grappler all-terrain tires for more on-road comfort and enhanced off-road traction.

TRD PRO "TOYOTA" GRILLE

This SUV is ready to get up in your face. 4Runner TRD Pro has an aggressive black-out grille with color-keyed surround that proudly displays its heritage-inspired "TOYOTA" badge.

TRD PRO SKID PLATE

A unique TRD Pro skid plate comes standard on 4Runner TRD Pro. Constructed from 1/4-in.-thick aluminum, this piece helps protect crucial mechanical components underneath the front end, so you can go even farther beyond the map.

TRD PRO

What is TRD?

Toyota Racing Development (TRD) is Toyota's factory-backed racing division. While TRD USA has been building go-fast parts for Toyotas since 1979, our racing legacy traces back well over two decades before that. With a history rich in motorsports, TRD engineers have continued to apply their knowledge to help enthusiasts get more performance from their vehicles, while maintaining factory levels of quality and reliability. Our TRD Pro Series vehicles are factory-tuned and built to take you way off-road. No off-the-shelf components here; our engineers spend countless hours designing, testing and tuning with passion. And with capability this exciting, they will help fuel your passion too.

ACCESSORIES

You know your 4Runner is a supremely capable rig right out of the box. But when you want to crank up the attitude, turn to those who know your truck best. Toyota Racing Development (TRD) brings you a line of accessories engineered just for your 4Runner. Each and every part is designed to give you maximum performance with proven dependability. It's all available from your local Toyota dealer. All you have to do is pick out which parts are right for you.

OTHER TRD PERFORMANCE PARTS AND ACCESSORIES

- TRD 17-in. matte-gray alloy wheels²
- TRD oil cap
- TRD Performance air filter
- TRD Performance brake pads
- TRD Performance oil filter
- TRD Pro Bilstein® shocks with TRD-tuned front springs
- TRD radiator cap
- TRD-stamped aluminum front skid plate

See numbered footnotes in Disclosures section.

TRD PRO FLOOR MATS²¹

Floor mats embroidered with the TRD Pro logo add protection and style to 4Runner's cabin.

TRD SHIFT KNOB

Taking center stage is a leather-wrapped TRD shift knob, with red contrast stitching, embossed TRD logo and bright chrome accent ring. Taking control never looked — or felt — so good.

TRD 17-IN. MATTE-BLACK ALLOY WHEELS²

Cutting-edge style. Trail-ready toughness. These unique 17-in. matte-black alloy wheels, designed by TRD, amplify 4Runner TRD Pro's presence on- and off-road.

TRD PRO SERIES

TRD Pro shown in Super White⁹⁹ venturing along the coast of the Baja California Peninsula. Prototype shown with options. Production model may vary.

SR5

Drivetrain

- 4.0-Liter DOHC 24-Valve V6 with Dual Independent Variable Valve Timing with intelligence (VVT-i); 270 hp @ 5600 rpm; 278 lb.-ft. @ 4400 rpm; 5-speed automatic transmission
- Rear-Wheel Drive or part-time 4WD system with Active Traction Control (A-TRAC)
- Automatic Limited-Slip Differential (Auto LSD on 4x2 models only)
- Downhill Assist Control (DAC)³³ (4x4 models only) and Hill Start Assist Control (HAC)³²

Exterior Features

- Integrated fog lights
- Projector-beam headlights with smoked trim
- Skid plates — on engine/front suspension, fuel tank and transfer case (transfer case on 4x4 models only)
- 17-in. 6-spoke alloy wheels with P265/70R17 tires

Interior Features

- Backup camera¹³ with projected path
- Leather-trimmed tilt/telescopic steering wheel with audio and *Bluetooth*⁸⁹ hands-free phone and voice command
- Fabric-trimmed front seats; 8-way power-adjustable driver's seat with power lumbar support; 4-way adjustable front passenger seat
- Fabric-trimmed 40/20/40 split reclining and fold-flat second-row seat
- Entune™ Audio Plus with Connected Navigation App³ and 6.1-in. high-resolution touch-screen display

Options

- Running boards
- 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third-row seat
- Sliding rear cargo deck with under-floor storage box (not available with third row)
- Entune™ Premium Audio with Integrated Navigation¹⁴ and App Suite¹⁵ and 6.1-in. high-resolution touch-screen display

SR5 Premium

Adds to or replaces features offered on SR5

Exterior Features

- Heated power outside mirrors with turn signal indicators

Interior Features

- SofTex®-trimmed heated front seats; 8-way power-adjustable driver's seat with power lumbar support; 4-way power-adjustable front passenger seat
- SofTex®-trimmed 40/20/40 split reclining and fold-flat second-row seat
- Entune™ Premium Audio with Integrated Navigation¹⁴ and App Suite¹⁵ and 6.1-in. high-resolution touch-screen display
- HomeLink^{®20} universal transceiver
- Auto-dimming rearview mirror

Options

- Power tilt/slide moonroof with sunshade
- Running boards
- SofTex®-trimmed 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third-row seat
- Sliding rear cargo deck with under-floor storage box (not available with third row)

TRD Off-Road

Adds to or replaces features offered on SR5

Drivetrain

- Part-time 4WD system with Active Traction Control (A-TRAC)
- Hill Start Assist Control (HAC);³² Multi-terrain Select and Crawl Control (CRAWL)¹⁹
- Locking rear differential

Exterior Features

- 17-in. 7-spoke alloy wheels with P265/70R17 tires and black-painted accents
- Color-keyed front and rear bumpers with silver accents and color-keyed hood scoop
- "TRD Off-Road" external hard badges

Interior Features

- Overhead console with Multi-terrain Select and Crawl Control (CRAWL)¹⁹ switches
- TRD shift knob
- TRD Off-Road floor mats²¹

Options

- Running boards
- Kinetic Dynamic Suspension System (KDSS)
- Sliding rear cargo deck with under-floor storage box
- Entune™ Premium Audio with Integrated Navigation¹⁴ and App Suite¹⁵ and 6.1-in. high-resolution touch-screen display

TRD Off-Road Premium

Adds to or replaces features offered on TRD Off-Road

Exterior Features

- Heated power outside mirrors with turn signal indicators

Interior Features

- SofTex®-trimmed heated front seats; 8-way power-adjustable driver's seat with power lumbar support; 4-way power-adjustable front passenger seat
- SofTex®-trimmed 40/20/40 split reclining and fold-flat second-row seat
- Entune™ Premium Audio with Integrated Navigation¹⁴ and App Suite;¹⁵ and 6.1-in. high-resolution touch-screen display
- HomeLink^{®20} universal transceiver
- Auto-dimming rearview mirror
- "TRD" red lettering on driver and front passenger headrests

Options

- Power tilt/slide moonroof with sunshade
- Running boards
- Kinetic Dynamic Suspension System (KDSS)
- Sliding rear cargo deck with under-floor storage box

Limited

Adds to or replaces features offered on SR5 Premium

Drivetrain

- Rear-Wheel Drive or full-time 4WD system with Active Traction Control (A-TRAC) and Torsen^{®31} limited-slip center differential with locking feature
- X-REAS Sport Enhancement Suspension

Exterior Features

- 20-in. split 6-spoke alloy wheels with P245/60R20 tires
- Power tilt/slide moonroof with sunshade
- Front and rear parking assist sonar²⁷
- Color-keyed front and rear bumpers and side rocker panels with chrome inserts, chrome door handles and chrome-accented front grille insert

Interior Features

- Smart Key System¹⁷ with Push Button Start and remote illuminated entry
- Perforated leather-trimmed heated and ventilated front seats; 8-way power-adjustable driver's seat with memory function and power lumbar support; 4-way power-adjustable front passenger seat
- Entune™ Premium JBL® Audio with Integrated Navigation¹⁴ and App Suite;¹⁵ and 6.1-in. high-resolution touch-screen display
- Dual zone automatic climate control with air filter and second-row vents

Options

- Automatic running boards
- Leather-trimmed 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third row
- Sliding rear cargo deck with under-floor storage box (not available with third row)

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Toyota 4Runner is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receiver/ball mount kits are not intended to provide crash protection.

For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle

with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. 2. 17-in. off-road performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions. 3. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. Availability and accuracy of the information provided by Scout® GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. See toyota.com/entune for details. Scout® is a registered trademark of Telenav, Inc. 4. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely, obey traffic laws and focus on the road while driving. Services vary by phone/carrier. Functionality depends on many factors. Services subject to change. For enrollment and more details, see toyota.com/entune. 5. May not be compatible with all mobile phones, MP3/WMA players and like models. 6. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 7. Advanced voice recognition capabilities vary by head unit. 8. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 9. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 10. Always drive safely, obey traffic laws and focus on the road while driving. Siri® is available only on iPhone® 4S or later, iPad® with Retina® display, iPad mini™, and iPod touch® (5th generation) and requires Internet access. Siri® is not available in all languages or all areas, and features vary by area. Some Siri® functionality and commands are not accessible in the vehicle. Data charges may apply. See apple.com and phone carrier for details. Siri® is a registered trademark of Apple Inc. 11. SiriusXM® services require a subscription after 3-month trial period. **Subscriptions governed by SiriusXM® Customer Agreement available at www.siriusxm.com. If you decide to continue your SiriusXM® service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 12. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 13. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for details. 14. Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. 15. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 16. PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 17. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 18. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for details. 19. Crawl Control is designed for driving on difficult terrain at low speeds. It assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. The Toyota 4Runner is designed to meet off-road driving requirements, but off-roading is inherently dangerous. Always wear seatbelts. See *Owner's Manual* for details. 20. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 21. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with fasteners. Do not install a floor mat on top of an existing floor mat. 22. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. See *Owner's Manual* for details. 23. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for details. 24. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: typically, frontal and knee airbags inflate in frontal collisions, side torso and side curtain airbags inflate in side collisions and roll-sensing curtain airbags inflate at a severe roll angle or roll rate. To decrease the risk of injury from an inflating airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating airbag may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 25. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for details. 26. Contact with the Safety Connect® response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency service support. Enrollment and Telematics Subscription Service Agreement required. A variety of subscription terms is available; charges vary by subscription term selected. 27. Do not exclusively rely on the parking assist sonar system. Always look over your shoulder and use your mirrors to confirm clearance. Certain vehicle and environmental conditions may affect the ability of the sensors to detect an object. Even the shape and composition of the object can be a factor. See *Owner's Manual* for details. 28. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help, or you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. 29. ToyotaCare covers normal factory scheduled service for 2 years or 25,000 miles, whichever comes first. 24-hour roadside assistance is also included for 2 years and unlimited miles. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 30. Does not include parts and fluids, except emergency fuel delivery. Valid only in the continental U.S. and Alaska. 31. Torsen® is a registered trademark of Zexel Torsen, Inc. 32. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See *Owner's Manual* for details. 33. Downhill Assist Control (DAC) is designed to help the driver maintain vehicle control and speed on steep, downhill descents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC will be effective in preventing a loss of control. See *Owner's Manual* for details. 34. Cargo and load capacity limited by weight and distribution. 35. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. 36. 2017 EPA-estimated city/highway mileage. Actual mileage will vary. 37. Extra-cost color. 38. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 39. Not available on Limited. 40. Availability subject to change. 41. Not available on SR5 and TRD Off-Road. 42. The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. 43. Available only for vehicles equipped with remote keyless entry system or Smart Key System. Use only if aware of circumstances surrounding the vehicle at time of start. Operate only when legal and safe to do so (e.g., car uncovered in open area with no people or pets inside or nearby). See *Owner's Manual* for details. 44. Interference from structures may affect signal strength. Requires free download of Toyota Key Finder from the iTunes® App Store to operate; also find there a list of Mac OS® devices. See *Owner's Manual* for details.
