

RAV4 2012

Want to know what RAV4 stands for? The answer is “capable.” Sure, if you want to get out of town, it can get you to plenty of camping spots. But the real story is that it will fit into nearly any parking spot. It’s available with seating for up to seven people, but it won’t require them to chip in for gas. And while RAV4 has remarkable cargo capacity, it’s hardly just a delivery van. With available features like a powerful V6 and pavement-gripping 4WD, it’s a vehicle you’ll want to drive even when you’re not headed to the big-box store. Best of all, despite its compact size, RAV4 is big on safety features. Easy to load up. Easy to drive. Easy on gas. And hard to beat. **2012 Toyota RAV4. Moving Forward.**

We don't change vehicles like we change clothes, with different outfits for different outings. The good news is that with RAV4, you'll never feel like you need to. It handles both shopping trips and road trips with equal flair.

Limited shown in Classic Silver Metallic with available Premium Plus Value Package.

Limited interior shown in Ash leather trim with available 4WD and Navigation Value Package.

Forward-looking features. As well as upward-looking.

There are a number of reasons you'll find the 2012 RAV4 so advanced. It comes standard with features such as hands-free phone capability and music streaming via *Bluetooth*^{®1} wireless technology, a USB² port with iPod^{®3} connectivity, steering wheel-mounted audio controls, and Optitron instrumentation. In addition, RAV4 Limited features standard Smart Key System⁴ and dual zone automatic climate control. And RAV4 is available with a backup camera⁵ and a moonroof.

Available Display Audio With Navigation⁶ and Entune^{™7}

This impressive navigation system includes a 6.1-in. touch-screen, AM/FM CD player with MP3/WMA playback capability, SiriusXM Satellite Radio^{®8} capability (includes three-month trial subscription to XM Select Package), HD Radio^{™9} with iTunes[®] Tagging,¹⁰ auxiliary audio jack, USB port with iPod[®] connectivity and control, and hands-free phone capability, phone book access, advanced voice recognition and music streaming via standard *Bluetooth*[®] wireless technology.

Entune[™]

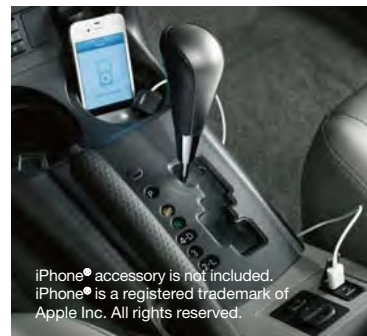

The available Entune[™] system is a collection of popular mobile applications and data services integrated with select Toyota vehicles. Entune[™] includes three years of complimentary access to apps and services delivered via most smartphones and some feature phones. (After three years, access charges will apply; excluding Pandora[®].) Once the phone is connected to the vehicle using *Bluetooth*[®] wireless technology or a USB cable, the features of Entune[™] are operated using the vehicle's controls or, for some services, by voice recognition. Entune[™] is scheduled to have mobile apps for Bing[™], iHeartRadio, MovieTickets.com, OpenTable[®] and Pandora[®]. The data services of Entune[™] include fuel guide, sports scores, stocks, traffic and weather. See toyota.com/entune for availability of apps and services.

Available Moonroof

The sporty RAV4 is even more fun when you opt for the available moonroof. Simply push a button and enjoy an uplifting perspective.

Sport shown in Pacific Blue Metallic with available Enhancement Value Package.

Room for hire.

With the rear seats folded flat, the versatile RAV4 offers a voluminous 73 cubic feet of cargo space¹. Room to carry just about anything you have in mind. Or, with the available 50/50 Split & Stow 3rd Row™ seat, room for seven passengers.

2011 RAV4 interior shown in Sand Beige fabric with available 4WD, 50/50 Split & Stow 3rd Row™ seat and Value Package.

1. Cargo and load capacity limited by weight and distribution.

Split-and-fold seats. Not passengers.

Do you need a vehicle that's specifically engineered to handle cargo, or one that's been designed to accommodate passengers? If the answer is yes, consider the versatile RAV4. It offers a spacious 73 cu. ft. of cargo space¹, an under-floor storage compartment², and a 60/40 split, sliding, reclining and fold-flat second row. So you can carry unwieldy cargo without having to roll the window down, and still bring passengers without having to flat-pack them first.

BACKUP CAMERA³

RAV4's available backup camera helps you back out of driveways or into parking spaces. Augmenting the outside mirrors, the camera displays what it sees behind you on the available auto-dimming rearview mirror.

FOLD-FLAT FLEXIBILITY

Pull one of the one-touch levers² inside the rear cargo area, and that side of RAV4's second-row seatback folds flat to open up additional cargo space.

1. Cargo and load capacity limited by weight and distribution. 2. See footnote 23 in Disclaimers section. 3. See footnote 28 in Disclaimers section.

STEALTH STORAGE

RAV4's handy under-floor storage compartment¹ lets you stow valuable items safely out of sight.

VERSATILE SEATING

The 60/40 split and fold-flat second-row seat adapts to suit your situation. Toss your gear in back and still have room left for passengers. Or fold the seat flat and make the most of all 73 cubic feet of cargo capacity.²

Limited interior shown in Ash leather trim with available 4WD and Navigation Value Package.

1. See footnote 23 in Disclaimers section. 2. Cargo and load capacity limited by weight and distribution.

Even its performance is versatile.

No matter how you look at it, the 2012 RAV4 does a variety of things extremely well. The standard 2.5-liter 4-cylinder provides an EPA-estimated 28 highway mpg rating¹ while still producing 179 horses. Even more multitasking is RAV4's available V6, which boasts an EPA-estimated 27 highway mpg rating¹ and a remarkable 269 hp, while providing you with the sure-footed traction of available Electronic On-Demand 4WD.

Available Electronic On-Demand 4WD

Electronic On-Demand 4WD controls the distribution of torque between the front and rear wheels, allowing the vehicle to automatically switch seamlessly from 2WD to 4WD mode. The result is enhanced traction, control and fuel economy.

Hill Start Assist Control (HAC)²

When you're stopped on a steep incline, RAV4 can help you get going again. Its available Hill Start Assist Control helps prevent the vehicle from rolling backward as the driver switches from the brake to the accelerator. When activated, HAC holds the brakes for approximately three seconds, giving the driver time to engage the accelerator.

Downhill Assist Control (DAC)²

Designed to help provide a controlled descent on steep inclines, available Downhill Assist Control works by setting a target vehicle speed of approximately 2-4 mph. To help maintain that target speed, DAC sends a signal that automatically modulates RAV4's powerful brakes.

Limited V6 shown in Classic Silver Metallic with available 4WD and Premium Plus Value Package.

1. See footnote 11 in Disclaimers section. 2. See footnote 35 in Disclaimers section.

It's a sport utility vehicle. Only sportier.

With a stainless steel exhaust tip and a unique rear door that we've streamlined by removing the spare tire cover, the RAV4 Sport with the available Appearance Package¹ is no ordinary RAV4. Inside, sharp touches, such as a chrome-accented shift lever with leather inlay, further distinguish this performance-inspired SUV.

TURN SIGNAL INDICATORS

The outside mirrors not only help you locate adjacent vehicles, but also help indicate your intentions to other drivers.

UNIQUE DOORSILL COVERS

These handsome doorsill covers, along with floor mats² featuring a unique sport design, ensure a stylish entrance and exit every time.

Sport V6 shown in Magnetic Gray Metallic with available 4WD, Enhancement Value Package and Appearance Package.

1. Sport 4-cylinder and V6 4WD models only. 2. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with retention hooks/clips. Do not install a floor mat on top of an existing floor mat.

Built to put minds at ease.

The 2012 RAV4 comes standard with the Star Safety System,[™] a collection of six advanced safety features designed to help keep drivers out of harm's way. The system on RAV4 includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA) and Smart Stop Technology (SST).

Enhanced Vehicle Stability Control (VSC)¹

To help compensate for a loss of traction while cornering and help prevent sideways slipping, Enhanced VSC adjusts engine power, braking and steering torque-assist control to help the vehicle follow the direction in which it is being steered.

Traction Control (TRAC)

TRAC helps maintain traction on wet, icy, loose or uneven surfaces by adjusting engine power and applying brake force to the spinning wheel(s).

Anti-Lock Brake System (ABS)

ABS helps prevent brakes from locking up by pulsing brake pressure to each wheel to help you stay in control in emergency braking situations.

Electronic Brake-Force Distribution (EBD)

EBD redistributes brake force to help keep the rear wheels from locking up during sudden braking situations.

Brake Assist (BA)²

BA is designed to help detect sudden or "panic" braking and add the full pressure needed to help prevent a collision.

Smart Stop Technology (SST)³

At speeds greater than five miles per hour, when the accelerator is depressed first and the brakes are then applied firmly for longer than one-half second, SST is designed to help the driver bring the vehicle to a stop.

1 DRIVER AND FRONT PASSENGER ADVANCED AIRBAG SYSTEM⁴

In the event of certain types of front-impact collisions, these airbags help provide protection to the driver and front passenger.

2 FRONT AND SECOND-ROW SIDE CURTAIN AIRBAGS

In the event of certain types of side-impact collisions, these airbags help provide protection for all outboard occupants.

3 DRIVER AND FRONT PASSENGER SEAT-MOUNTED SIDE AIRBAGS

In the event of certain types of side-impact collisions, these airbags help provide protection to the driver and front passenger.

4 3-POINT SEATBELTS

RAV4 provides 3-point seatbelts for all seating positions, while the front seats are equipped with pretensioners and 2-step force limiters for added safety.

5 ACTIVE FRONT HEADRESTS⁵

In the event of certain types of rear-end collisions, active front headrests are designed to better support the front occupants' heads and help reduce the risk of neck injury.

LATCH

LATCH (Lower Anchors and Tethers for CHildren) helps protect the smaller members of your family. LATCH includes lower anchors and tethers on each outboard second-row seat.

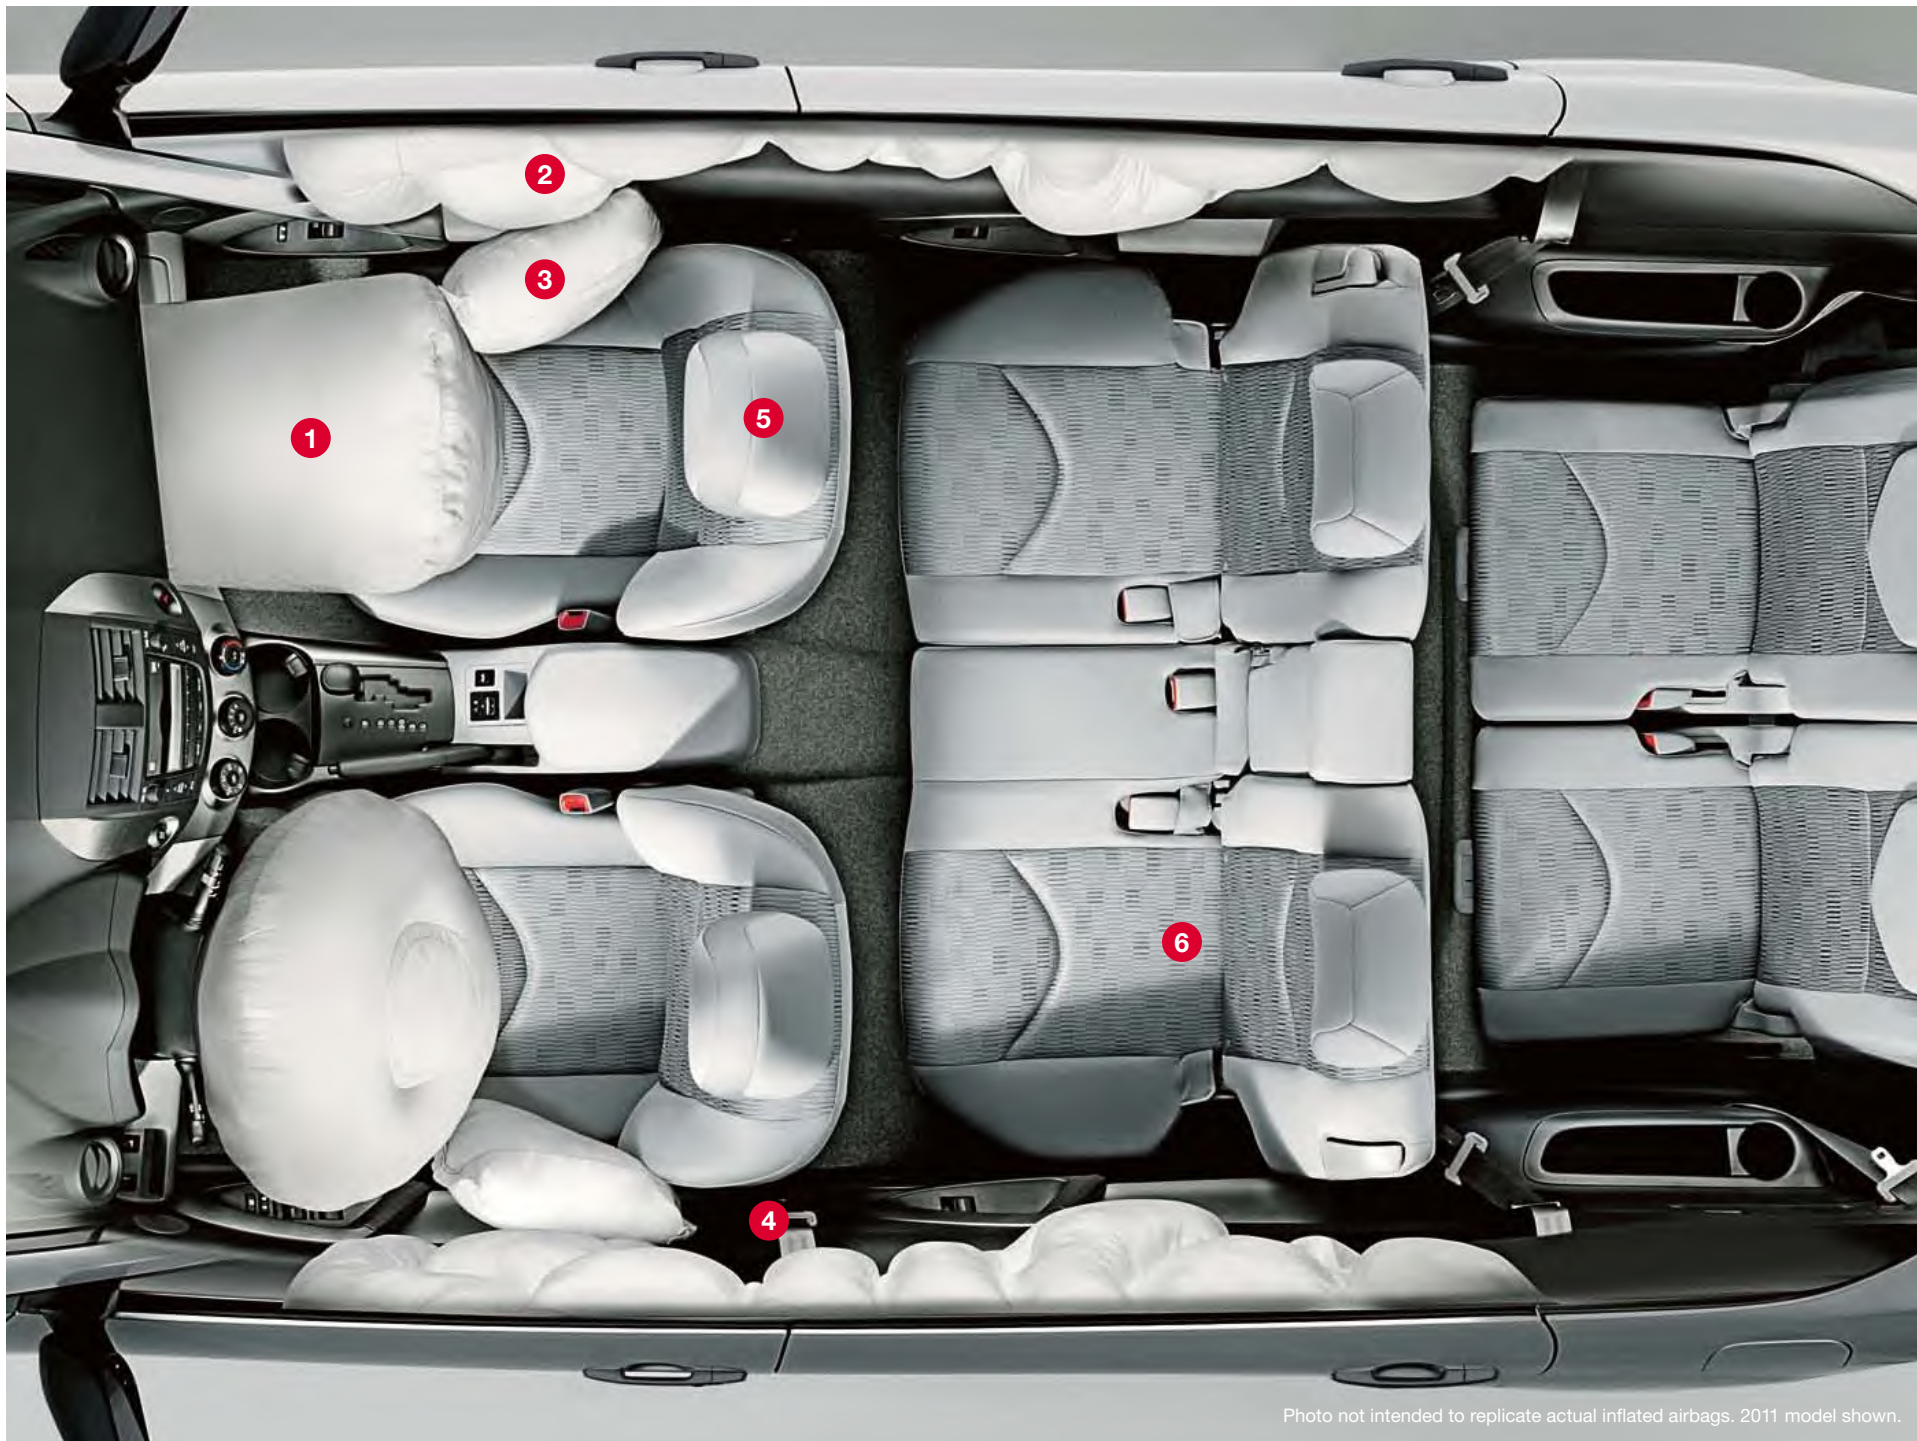

Photo not intended to replicate actual inflated airbags. 2011 model shown.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

TOYOTA FINANCIAL SERVICES

Toyota Rewards Visa®

Toyota helps you get more out of every dollar you spend. By rewarding you for every purchase you make, the Toyota Rewards Visa® adds even more value to doing the things you love.

Turn everything you buy into points to redeem toward parts, accessories or an eligible vehicle purchase or lease at your Toyota dealer. Earn 5 points for every \$1 spent at participating Toyota dealers and 1 point for every \$1 spent everywhere else Visa is accepted.*

Visit www.toyotarewardsvisa.com for complete details.

Toyota Financial Services (TFS)[†] is a leading provider of automotive financial services, offering an extensive line of financing plans along with a variety of vehicle and payment protection products to Toyota customers and dealers in the U.S. For more information on TFS products and services, visit www.toyotafinancial.com

Toyota RAV4 is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing receiver hitches/ball mount kits are not intended to provide crash protection.

For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty. You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

*On approved credit. You must have a valid permanent home address in the 50 United States or the District of Columbia. Terms, conditions and restrictions apply and are fully described in the Toyota Rewards Visa Cardmember Agreement and the Toyota Rewards Program Terms and Conditions received with your card. Points earned are based on net purchases. Points-earning maximums apply and points will expire as described in the Rewards Terms and Conditions. Redemption only available at participating Toyota dealerships in the continental U.S. and Alaska. Points cannot be redeemed for cash. Please contact your participating Toyota dealer for information regarding restrictions your dealer may impose on the use of credit cards related to vehicle purchases or leases. The creditor and issuer of the Toyota Rewards Visa is Toyota Financial Savings Bank. Toyota Financial Services is a service mark used by Toyota Financial Savings Bank.

[†]Toyota Financial Services is a service mark for Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

DISCLAIMERS

1. Sport models only. 2. Not available on Sport models. 3. Not available with Appearance Package. 4. Not available on Limited models. 5. Limited models only. 6. Extra-cost color. 7. Cargo and load capacity limited by weight and distribution. 8. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. Calculated with new SAE J2807 method. 9. V6 models only. 10. The Appearance Package replaces standard tires with run-flat tires and does not include a spare tire or spare tire cover. 11. 2012 EPA-estimated mileage. Actual mileage will vary. 12. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. 13. Standard on RAV4 4-cylinder models. Not available with third-row seat. 14. Standard on RAV4 V6 models. Available on RAV4 4-cylinder models. 15. May not be compatible with all mobile phones, MP3/WMA players and like models. 16. iPod® is a registered trademark of Apple Inc. All rights reserved. 17. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. Other trademarks and trade names are those of their respective owners. The Bluetooth® wireless technology phones listed on toyota.com have been tested for compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Toyota. 18. Availability and accuracy of the information provided by the navigation system or any XM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic navigation updates available at additional cost. See your *Navigation System Owner's Manual* or contact XM for details. 19. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions. Select Entune™ apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier. Not all apps and data services are available initially. Apps identified by "TM" or "®" are trademarks or registered trademarks of their respective companies and cannot be used without permission. See toyota.com/entune for the latest information regarding apps and services. 20. XM services require a subscription after trial period, and are sold separately or as a package. **Subscriptions governed by SiriusXM Customer Agreement; see www.siriusxm.com. If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 21. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 22. iTunes® Tagging is a registered trademark of Apple Inc. All rights reserved. 23. Not available with third-row seat. 24. Requires 17-in. 5-spoke styled steel wheels or 17-in. 5-spoke alloy wheels. 25. Not available with tonneau cover. Deletes cargo area second-row-seat one-touch fold-flat levers and cargo area under-floor storage compartment. 26. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your *Owner's Manual* for details. 27. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 28. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 29. Requires Value Package, Upgrade Value Package or privacy glass. 30. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 31. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 32. Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. 33. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 34. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 35. Downhill Assist Control (DAC) is designed to help the driver maintain vehicle control and speed on steep, downhill descents. Hill Start Assist Control (HAC) is designed to help minimize backward rolling on steep ascents. Neither system is a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC and HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 36. Standard on V6 and 4-cylinder models equipped with third-row seat. 37. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or Smart Key fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or Smart Key fob, it can be costly to replace. If you lose a key or Smart Key fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org 38. Package savings based on MSRP of package features. MSRP may not reflect actual dealer sales price. Customer savings will vary. 39. 4-cylinder and V6 4WD models only.
